

AB Homework: Due Tuesday March 21 (This is not optional!)

Homework: Since there is a mock exam next week, this HW assignment will help you review. Homework should be completed by yourself with no resources such as notes or websites. It is not likely that you will have a high score; this is ok! You will improve as we review. Remember that your grade is based on your PARTICIPATION during 4th quarter not on the number correct.

When you are finished with the assignments, you will **check your answers**. The free response answers are on my website and the George Best multiple choice answers are on Ms. Lewis' website.

*Turn in all homework assignments this quarter including the **total number of multiple choice questions correct** at the top of the first page. Example: 13/28. For free response, the total possible points earned per question is 9 points. Example: 4/9.*

HOMEWORK #1

- 1) 4 free response questions (on website under "4th quarter" tab)
- 2) AB George Best Exam III Part A (28 questions; no calculator) from George Best AB workbook
The workbook is online on Ms. Lewis' website: www.calcfairy.com Password: nerdsrus
The answers are on the website as well.

Problems? Please email me.
